

قائمة الأدوية غير الوصفية – فبراير 2026

Trade Name	Active	Dosage form	Strength	Approved Indication	Approved Package
Rani-F	Famotidine	Effervescent granules	0.02 gm	Symptoms of Reflux Esophagitis as Heart Burn -التهاب المريء الارتجاعي والأعراض الناتجة عنه مثل حرقة المعدة	Carton box containing 6 or 12 aluminum laminated foil sachets each sachet consists of 4 layers from inside to outside (LDPE/Aluminum/LDPE/paper), each sachet contains 5 gm effervescent granules with insert leaflet
Nerhafluks 20 mg	Famotidine	Oro-dispersible Film	20 mg	Treatment of conditions where a controlled reduction of gastric acid secretion is required, such as acid indigestion, heartburn, sour or upset stomach in adults	Carton box contains 10 Oro-dispersible films, each oro-dispersible film packed in a four-layer pouch from outside to inside (paper, polyethylene LDPE, aluminum, polyethylene LDPE)
Novapantolix 20 mg	PANTOPRAZOLE Sodium sesquihydrate micronized (D90 NMT 30 Micron) 22.556 mg equivalent to PANTOPRAZOLE	Delayed Release Tablets	20 mg	Symptomatic Gastroesophageal reflux disease in adults ≥ 18 years of age. الأعراض على سبيل المثال الحموضة (حرقة الفؤاد)، ارتجاع الحمض، ألم عند	Carton box containing 1 or 2 (Al/Al) strips, each strip contains 7 delayed release tablets with insert leaflet

				البلع) مصحوب بمرض الارتجاع المعدي المريئي الناجم عن ارتجاع الحمض من المعدة .	
Delpanto 20 mg	Pantoprazole sesquihydrate 22.55 mg equivalent to Pantoprazole 20 mg	Enteric Film Coated Tablet	20 mg	Treatment of symptoms associated with mild reflux disease (heartburn, acid regurgitation, pain on swallowing) in adults ≥ 18 years of age	Carton box contains 2 (A1 / A1) strips, each of 7 enteric coated tablets with insert leaflet.
Controloc 20 mg	Pantoprazole Sodium sesquihydrate 22.57 mg Eq. to Pantoprazole	Gastro resistant tablet	20 mg	Indicated in adults ≥ 18 years of age for short term treatment of symptoms (e.g. heart burn, acid regurgitation, pain on swallowing) associated with gastro-esophageal reflux disease caused by reflux of acid from the stomach	Carton box contains 1 or 2 (A1/A1) blisters each of 7 tablets with insert leaflet

Omez	Omeprazole	Hard gelatin capsules containing enteric coated pellets	20 mg	Treatment of symptomatic gastro-esophageal reflux disease in adults. مرض إرتجاع المريء حيث يرتجع الحامض المعدي من المعدة إلى المريء مسبباً التهابات وحرقان بالمعدة.	Carton box contains 2 (AL / transparent PVDC) strips, each of 7 hard gelatin capsules with insert leaflet
Healsec 20 mg	Omeprazole	Hard gelatin capsules containing enteric coated pellets	20 mg	Treatment of symptomatic gastro-esophageal reflux disease in adults. مرض إرتجاع المريء حيث يهرب الحمض من المعدة إلى المريء (الأنبوب الذي يربط الحلق بالمعدة) مما يسبب الألم والالتهاب وحرقة المعدة	Carton box contains HDPE plastic bottle with child resistant closure which consists of white HDPE plastic cap. HDPE plastic ring and liner (the inner part of the closure made from LDPE plastic foam laminated with PVDC) and desiccant (made from HDPE plastic and filled with moisture indicating silica powder covered with carton paper), this plastic bottle contains 7 or 14 hard gelatin capsules with insert leaflet

Nexicure 20 mg	Esomeprazole Magnesium Trihydrate Pellets (22.5%) 98.71 mg equivalent to Esomeprazole	Film Coated tablets	20 mg	Gastroesophageal reflux disease" (GERD). This is where acid from the stomach escapes into the gullet (the tube which connects your throat to your stomach) causing pain, inflammation and heartburn in adults ≥ 18 years. مرض ارتجاع معدي مريئي (جيرد). هذا هو المكان الذي يهرب فيه حمض المعدة إلى المريء (الأنبوب الذي يربط حلقك بمعدتك) مسبباً الألم والالتهاب وحرقة المعدة في البالغين ≤ 18 عام.	Carton box containing 1 (Al/Al) strip of 10 film coated tablet + insert leaflet. Carton box containing 1 or 2 (Al / Al) strips, each of 7 film coated tablet + insert leaflet
Nexicure 20 mg	Esomeprazole Magnesium Trihydrate 22.3 mg equivalent to Esomeprazole	Enteric Coated Granules for delayed release oral suspension	20 mg	Treatment of heart burn and other symptoms that happen with gastroesophageal reflux disease (GERD) in adults ≥ 18 years	Pack of 7,10 or 14 free (Polyester /Al /LD Polyethylene) from outside to inside sachets, each contains 3000 mg granules with insert leaflet
Esomeprazole - Eva Pharma	Esomeprazole	Enteric Coated Tablet	20 mg	Indicated where reduction of gastric acid secretion is required in non-erosive reflux disease (i.e. heartburn and	Carton box contains one AL(Opa/Al/PVC) blister contains 10 enteric coated tablets with insert leaflet.

				regurgitation) in adults (18 years of age and over)	
Esomeprazole Eva Pharma 20 mg	Esomeprazole	Delayed Release Granules for Oral Suspension	20 mg	Short term treatment of heartburn and other symptoms and other symptoms associated with GERD in adults ≥ 18 years of age	Carton box contains 14 Aluminum sachets composed of 3 layers from outside to inside (low density polyethylene terephthalate, aluminum and LDPE film) containing 4 gm granulated powder with insert leaflet
Maalox stomach pain	Aluminum Hydroxide 460 mg equivalent to Aluminum Oxide 230 mg /Magnesium Hydroxide 400 mg	Oral suspension	460 mg / 400 mg / 4.3 ml	Used to relieve heartburn and reflux of stomach acid for adults and adolescents from 15 years of age	For lemon lime flavor: Carton box containing 20 sachets, made of 3 layers (PP/Alu/PE) or (PETP/Alu/PE), each containing 4.3 ml suspension with insert leaflet. For red fruit flavor: Carton box containing 20 sachets, made of 3 layers (PP/Alu/PE), each containing 4.3 ml suspension with insert leaflet.

Maalox stomach pain	Magnesium Hydroxide /Aluminum Hydroxide 3.5 gm corresponding to Aluminum Oxide 2.3 gm	Oral suspension	4 gm /3.5 gm / 100 ml	Used to relieve heartburn and reflux of stomach acid for adults and adolescents from 15 years of age	Carton box containing Polyethylene terephthalate (PET) bottle of 250 ml with Polypropylene (PP) closure and polyethylene (PE / LDPE) liner and insert leaflet
Maalox Plus ®	Aluminum Hydroxide 175 mg equivalent to Aluminum Oxide 115 mg/Simethicone/Magnesium Hydroxide as Magnesium hydroxide paste	Oral suspension	175 mg / 25 mg / 200 mg / 5 ml	Symptomatic relief of dyspepsia, heartburn and flatulence in adults ≥ 18 years of age	Carton box containing one amber glass hydrolytic class III containing 60 ml or 180 ml suspension with white PP plastic screw cap with liner laminated LDPE from both sides with insert leaflet
Fritzu	Aluminum Hydroxide /Magnesium Hydroxide	Oral Suspension	460 mg/400 mg	As in insert leaflet in adults and adolescents over 15 years of age.	Carton box contains 20 sachets each sachet consists of 3 layers from inside to outside (polyester, Aluminum, polyethylene) with insert leaflet.
Gaviscon Double Action Liquid	Sodium Alginate/Sodium Hydrogen Carbonate / Calcium Carbonate	Oral suspension in bottle	500 mg/213 mg/325 mg	As in insert leaflet in adults and children 12 years and over	Amber glass type III bottle containing 150 ml suspension with polypropylene (PP) screw-cap with high density polyethylene (HDPE) tamper evident band fitted with an expanded polyethylene (EPE) wad

Gaviscon Double Action Liquid sachets	Calcium Carbonate /Sodium Alginate/Sodium Bicarbonate	Oral Suspension in sachets	325 mg/500m g/213 mg	As in insert leaflet in adults and children 12 years and over	Carton box containing 2, 6-, 12-, 24- and 36-units dose stick pack style sachets, made of polyester, Aluminum and polyethylene, each sachet of 10 ml with insert leaflet
Rasecasc	Racecadotril	Hard Gelatin Capsules	100 mg	Symptomatic Treatment of acute diarrhea in adults	Carton box containing one (Al / Transparent colorless PVC) blister of 10 capsules and an insert leaflet.
Lactulose HEK	Lactulose	Oral syrup	67 g / 100 ml	Treatment of chronic constipation in adults, adolescents, children and infants	Carton box containing amber glass type (III) bottle containing 120 ml or 300 ml syrup covered with white pilfer proof aluminum cap and an inner leaflet
Rawsmooth	Ispaghula Seed Powder/Tinnevelly Senna Pods Powder /Ispaghula Husk Powder	Granules in sachets	2.6 gm /500 mg/110 mg	As in insert leaflet in adults and children over 12 years of age	Carton box contains 12 sachets, which is aluminum foil layer lined with thin PVC layer internally and outer label containing data each sachet contains 5 gm granule
Eucarbon®	Senna folium/Rhei radix / Wood Charcoal / Sulfur	Tablets	150 mg / 13.75 mg -24.75 mg / 180 mg / 50 mg	Indicated in adults and children over 12 years of age in treatment of occasional and hemorrhoidal constipation	Carton box contains 2 or 3 (AL/Transparent PVC/ PE/PVDC) strips, each of 10 tablets with insert leaflet.

DR OXYGEN Laxotopia	Ispaghula Husk Dry (Psyllium husk) Powder /Psyllium Seed Dry Powder /Tinnevelly Senna Fruit Powder (Cassia angustifolia Vahl.)	Granules in Sachets	110 mg/2600 mg/500 mg	For short term use in cases of occasional constipation in adults and children over 12 years of age	Carton box containing 6 sachets (from outside to inside (Paper/Polyester/AL/LDPE) each contains 5 gm powder + insert leaflet
Egycusate	Docusate Sodium	Oral Syrup	20 mg / 5 ml	For gentle reliable relief from occasional constipation in adults and pediatric 6 years of age and over	Carton box containing brown polyethylene terephthalate plastic bottle containing 100 ml with white plastic closure (HDPE) plastic cap with polytetrafluorethylene (Teflon) foam + insert leaflet
Minalax®	Docusate Sodium/Sodium Benzoate/Bisacodyl	Enteric Coated Tablet	100 mg/17.6 mg/5mg	Short term treatment of constipation in adults \geq 18 years of age	Carton box contains 1,2 or 3 (Al/transparent colorless PVC/PVDC) strips each of 10 tablets and an inner leaflet
Mebefac	Mebeverine Hydrochloride	Sustained Release Film Coated Tablets	200 mg	As in insert leaflet in adults \geq 18 years of age	Carton box contains 1,2 or 3 (Al / Transparent PVC) strips, each of 10 tablets and an inner leaflet.
Alverinospasm	Alverine Citrate /Simethicone	Soft Gelatin Capsules	60 mg / 300 mg	As in insert leaflet in patients \geq 18 years of age.	Carton box contains 1,2 or 3 (Al/PVC) strips, each of 10 soft gelatin capsules with insert leaflet.

Buscopan®	Hyoscine – N – Butyl Bromide	Sugar Coated Tablets	10 mg	As in insert leaflet in adults and children aged 6 years and over	Carton box containing 2 [Al / white (PVC/PVDC)] strips, each contains 10 sugar coated tablets with insert leaflet
Spasulance	Simethicone	Oro-dispersible film	62.5 mg	As in insert leaflet in adults and children over 12 years of age	Carton box contains 10, 20 or 30 Oro-dispersible films, each one packed in a four-layer pouch from outside to inside (paper, LDPE, Aluminum, LDPE) with insert leaflet
Flaticon	Simethicone	Oral Strip	62.5 mg	Symptomatic relief of pressure, bloating and fullness commonly referred as gas (flatulence) in adults and adolescents over 12 years of age	Carton box containing 10,20,30 Or 40 aluminum pouches composed of 3 layers, aluminum layer arranged from outside as (PET/AL/PE), PE type is LDPE (low density polyethylene) each of 1 oral strip with insert leaflet

Simethicone emulsion USP 42	Simethicone (Emulsion 30%) 66.68 mg as (Simethicone	Oral drops	20 mg / 1 ml	Antiflatulent for the relief of gripping pain, colic or wind in infants	Carton box containing amber glass bottle (type III) containing 30 ml emulsion capped with plastic polyethylene cap with low density expanded polyethylene foam liner & plastic polypropylene dropper composed of 3-part polypropylene cap and polypropylene pipette & thermoplastic elastomer rubber bulb with inner leaflet.
Nono Water	Dill seed oil / Caraway seed oil /Sodium bicarbonate	Syrup	2.25 mg /2.5 mg/50 mg	As in insert leaflet in children 6 months and over	Carton box contains brown glass bottle type (type II) of 120 ml with PP white plastic cap with polyethylene foam liner with insert leaflet.
Free Baby	Caraway Oil/Dill Oil/Sodium Bicarbonate	Syrup	5 mg/5 mg/50 mg	As in insert leaflet in children 6 months and over	Carton box containing one amber type III bottle containing 120 ml syrup with white HDPE plastic cap with red band and “dp” logo on the upper surface of the cap and inner co-extruded expanded low density polyethylene foam liner + insert leaflet

Pharofruit	Citric Acid Anhydrous/Sodium Bicarbonate /Tartaric acid	Effervescent Granules	1.102 gm /2.65gm /1.202 gm/ 5 gm	Helps to relief heartburn, acid indigestion and sour stomach in adults \geq 18 years of age	Carton box containing 6 four layered (Paper / Low density polyethylene resin / Al / Low density polyethylene resin) sachets each containing 5 gm + insert leaflet
Fawar Lemon	Sodium Bicarbonate /Tartaric Acid / Citric Acid Anhydrous	Effervescent granules for oral solution	2.8 gm/1.33 gm/0.82 gm	As in insert leaflet in adults and children aged 12 years and over	Carton box contains 6 aluminum laminated foil sachets, each consists of 4 layers from inside to outside (LDPE, aluminum, LDPE, paper) each sachet contains 5 g effervescent granules with insert leaflet
Fawar Cola	Sodium Bicarbonate/Tartaric Acid Anhydrous /Citric Acid Anhydrous	Effervescent Granules for oral solution	2.522 gm/1.41 gm/0.87 gm	As in insert leaflet in adults and children aged 12 years and over	A printed carton box containing 6 or 30 aluminum laminated foil sachets each sachet consists of 4 layers from inside to outside (LDPE, aluminum, LDPE, Paper) containing 5 gm granules with insert leaflet
Fawar Fawakeh	Sodium Bicarbonate/Tartaric Acid Anhydrous / Citric Acid Anhydrous	Effervescent Granules for oral solution	2.6131 gm/1.0377 gm/0.3317 gm	As in insert leaflet in adults and children aged 12 years and over	A printed carton box containing 6 or 60 aluminum laminated foil sachets each sachet consists of 4 layers from inside to outside (LDPE, aluminum, LDPE, Paper) containing 5 gm granules with insert leaflet

Digestin	Papain* (6000 USP units / mg)/Sanzym SP 3500	Film Coated Tablets	100 mg / 30 mg	Mal digestion in case of pancreatic enzyme deficiency in adults ≥ 18 years of age	Carton box contains 2 (Colorless transparent PVC / AL) strips, each of 10 tablets with insert leaflet.
Spasmodigestin	Dicyclomine HCl / Papain (600000 IU) / Sanzym SP 3500 (1500 IU) /Sodium Dehydrocholate /Simethicone	Enteric Coated Tablets	5 mg / 100 mg / 36 mg/10 mg/30 mg	Indicated in adults ≥ 18 years of age in: Maldigestion in case of pancreatic enzyme deficiency. Relief of flatulence and abdominal discomfort due to excess gastrointestinal gas disorders such as dyspepsia, gastro-esophageal reflux disease, and for many gastrointestinal disorders	Carton box containing 3 (Al/transparent PVC) blisters, each of 10 enteric coated tablets with insert leaflet.
Digenorm	Papain 6000 I.U/Pepsin (1:15000)/Sanzyme SP 3500	Syrup	80 mg / 8 mg / 12 mg / 5 ml	Adjunct treatment in functional indigestion due to digestive enzyme deficiency or imbalance, with symptoms such as dyspepsia, postprandial discomfort, epigastric fullness and flatulence.in adults ≥ 18 years of age	Carton box containing amber (type III) glass bottle containing 120 ml syrup covered with HDPE plastic white cap containing co-extruded expanded polyethylene (EPE) white round liner with insert leaflet

Fawar Fruit	Citric Acid Anhydrous/Sodium Bicarbonate / Tartaric Acid	Effervescent Granules	0.82 gm/2.8 gm/1.33 gm	As in insert leaflet in adults and children aged 12 years and over	Carton box contains 6 or 12 aluminum laminated foil sachets, each sachet consists of 4 layers from inside to outside (LDPE, aluminum, LDPE, paper) each sachet contains 5 gm effervescent granules with insert leaflet.
Trimcopent	Triamcinolone Acetonide Micronized	Metered Nasal Spray	55 mcg/spra y	Treatment of symptoms of perennial allergic rhinitis in adults \geq 18 years of age	Carton box contains 20 ml white HDPE bottle with 0.1 ml dosage screw on spray pump unit (white pp actuator, transparent pp dust cap, blue pp spacing ring, transparent pp + LDPE dip tube) containing 16.5 gm suspension & an inner leaflet
Trimcopent	Triamcinolone Acetonide Micronized	Metered Nasal Spray	Microniz ed 55 mcg	Treatment of symptoms of perennial allergic rhinitis in adults \geq 18 years of age	Carton box contains 20 ml white HDPE bottle with 0.1 ml dosage screw on spray pump unit (white pp actuator, transparent pp dust cap, blue pp spacing ring, transparent pp + LDPE dip tube) containing 16.5 gm suspension & an inner leaflet

Flixonase	Fluticasone Propionate micronized	Nasal Spray	0.05 mg	Treatment of perennial rhinitis in adults \geq 18 years of age	Carton box containing amber (Type III) glass bottle (weight of contents for 120 doses is not less than 15 gm) fitted with a metering atomizing spray pump with a low-density polyethylene dip tube fitted to the pump is a combined polypropylene nasal white actuator covered with a green polypropylene dust cover with insert leaflet
Ticanase	Fluticasone Propionate (D90 NMT 45 μ m)	Nasal Spray	50 mcg	Treatment of perennial allergic rhinitis in adults \geq 18 years of age.	Carton box containing amber glass type (III) bottle of capacity 15 ml containing 7 gm suspension with white polypropylene nasal sprayer head delivers 60 puffs or 12 gm suspension with white polypropylene nasal sprayer head delivers 110 puffs, capped with transparent polypropylene cap and INOX pump with insert leaflet

Avamys	Fluticasone Furoate micronized	Nasal Spray	27.5 mcg	علاج أعراض التهاب الأنف التحسسي الدائم بما في ذلك انسداد وسيلان أو حكة الأنف، أو العطس أو دماغ العين أو احمرارها أو حدوث حكة في البالغين ≤ 18 عام	Carton box contains off-white plastic device with a dose indicator window, light blue side actuated lever and lid which contains a stopper. The plastic device contains the nasal spray suspension within a Type (III) amber bottle glass fitted with a metering spray pump) of 120 sprays and inner leaflet
Norhinose	Mometasone Furoate Monohydrate 0.052 mg equivalent to Mometasone Furoate	Nasal spray	0.05 mg	Treatment of symptoms of perennial rhinitis in adults ≥ 18 years of age	Carton box containing an amber (Type III) glass bottle containing 18 gm suspension of 120 doses or 9.7 gm suspension of 60 doses with a white polypropylene plastic nasal sprayer capped with low density polyethylene (LDPE) dip tube surrounded by polypropylene housing cap capped with LDPE plastic transparent cap and an insert leaflet
Otrivin 0.1%	Xylometazoline Hydrochloride	Nasal drops	1 mg / ml	For Various types of colds and to facilitate the outflow of secretions associated with inflammation of the sinuses in	Carton box contains white LDPE plastic dropper bottle contains 15 ml solution with white HDPE plastic cap with insert leaflet

				adults and adolescents aged 12 years or older	
Otrivin 0.05%	Xylometazoline Hydrochloride	Nasal Drops	0.5 mg /1ml	For Various types of colds and to facilitate the outflow of secretions associated with inflammation of the sinuses in children aged between 6 years and 11 years	Carton box contains white LDPE plastic bottle containing 15 ml, white LDPE plastic dropper, and white HDPE plastic cap with insert leaflet
Otrivin 0.1%	Xylometazoline Hydrochloride	Adult Nasal Spray	0.10%	As in insert leaflet in adults and children over 12 years of age	Carton box containing white LDPE Plastic squeeze spray bottle contains 10 ml with white HDPE plastic cap with LDPE nozzle + inner leaflet
Otrivin Baby Saline	Sodium Chloride	Nasal Drops	7.4 mg / 1ml	As in insert leaflet.	Carton box containing white LDPE plastic dropper bottle containing 15 ml (clear colorless) solution, with white HDPE plastic cap with an inner leaflet
Navoproxin	Meclizine Hydrochloride (micronized D90 < 20 µm)	Rectal Suppositories	50 mg	Indicated in motion sickness in adults and adolescents aged 12 years and over.	A carton box containing (white opaque printed PVC/PE) strip of 5 suppositories and an inner leaflet

Navoproxin Plus	Meclizine Hydrochloride / Pyridoxin Hydrochloride (vitamin B6)	Tablets	25 mg/50 mg	Prevents and treats nausea, vomiting or dizziness associated with motion sickness in adults and children 12 years of age and over	Carton box containing 1 or 2 (AL/Opaque PVC) strips, each of 10 tablets with insert leaflet
Levohistam	Levocetirizine Dihydrochloride	Film Coated Tablets	5 mg	Symptomatic treatment of allergic rhinitis in adults and children aged 6 years and above	Carton Box containing 1,2 or 3 (Al/transparent PVC) strips, each of 10 film coated tablets + inner leaflet
Xaltec	Levocetirizine Dihydrochloride	Tablets	5 mg	Symptomatic treatment of allergic rhinitis in adults and children 6 years of age and older	Carton box containing 1,2 or 3 (Al/Transparent PVC) strips each of 10 tablets with insert leaflet
Levohistam	Levocetirizine Dihydrochloride	Syrup	5mg/10ml	Symptomatic treatment of allergic rhinitis in adults and children aged 2 years and above	Carton box contains amber (PET) plastic bottle (its capacity 135 ml) containing 120 ml solution with (PP) plastic closure with (LDPE) plastic foam liner and red tamper evident ring + 20 ml (LDPE) plastic measuring cup with insert leaflet.

Levohistam	Levocetirizine Dihydrochloride	Oral drops	5mg/1ml	Symptomatic treatment of allergic rhinitis in adults and children aged 2 years and above.	Carton box containing 30 ml amber (PET) plastic bottle containing 10 ml or 20 ml solution closed with (PP) plastic cap with (LDPE) internal foam liner and red tamper evident (LDPE) ring, and separate 1 ml dropper (PP pipette) (PP cap) and insert leaflet.
Xaltec	Levocetirizine Hydrochloride 0.5 mg (equivalent to Levocetirizine base 0.42 mg)	Oral Solution	0.5 mg / ml	Symptomatic treatment of allergic rhinitis in adults and children aged 2 years and above	Carton box contains amber glass (type III) bottle containing 120 ml solution with tamper evident closure which consists of cap (28 mm in diameter, white in color made from PP), ring (made from HDPE) and liner (the inner part of the closure become in direct contact with the product to prevent leakage and made from LDPE foam laminated with PVDC) and colorless plastic measure with insert leaflet

Lergicare 5 mg / ml	Levocetirizine Dihydrochloride	Oral Drops, Solution	5 mg / 1ml	Symptomatic treatment of allergic rhinitis in adults and children aged 2 years and above	Carton box containing amber glass bottle (type III) containing 10 ml or 20 ml solution fitted with low density polyethylene dropper & high-density polyethylene white cap with insert leaflet
Lergicare	Levocetirizine Dihydrochloride	Oral Solution	2.5 mg / 5 ml	Symptomatic treatment of allergic rhinitis in adults and children aged 2 years and above	Carton box containing amber (type III) glass bottle containing 120 ml oral solution closed with white polypropylene plastic cap containing low density polyethylene foam liner (LDPE) + colorless plastic measuring cup + an inner leaflet.
Lergicare	Levocetirizine Dihydrochloride	Film Coated Tablets	5 mg	Symptomatic treatment of allergic rhinitis in adults and children aged 6 years and above	Carton box containing 1 ,2 or 3 (AL / Transparent PVC) strips, each of 10 film coated tablets with an insert leaflet
Levoctivan	Levocetirizine Dihydrochloride	Film Coated Tablets	5 mg	Relief of symptoms associated with perennial allergic rhinitis in adults and children 12 years of age and over	Carton box containing 1, 2 or 3 (Al / opaque PVC) strips, each of 10 tablets + insert leaflet

Levoctivan	Levocetirizine Dihydrochloride	Oral Solution	2.5 mg/5 ml	Relief of symptoms associated with perennial allergic rhinitis in adults and children above 2 years	Carton box contains amber (PET) plastic bottle containing 120 ml solution (its capacity 135 ml) with (HDPE) plastic closure with compressible (LDPE) plastic foam liner and red tamper evident ring + measured plastic cup with insert leaflet
Floracerta	Levocetirizine Dihydrochloride	Oro-dispersible Tablet	5 mg	Symptomatic treatment of allergic rhinitis in adults and children aged 6 years and over	Carton box contains 1, 2 or 3 (Al/transparent triple layer (PVC/LDPE/PVDC) (from inside to outside) strips, each of 10 oral dispersible tablets with insert leaflet
Histazine-1	Cetirizine dihydrochloride	Tablets	10 mg	For the relief of nasal and ocular symptoms of perennial allergic rhinitis in adults, adolescents and children aged 12 years and above	
Histazine-1	Cetirizine dihydrochloride	Syrup	5 mg / 5 ml	يستخدم لتخفيف الأعراض وعدم الراحة الناجمين من الحساسية المستمرة طوال السنة مثل حساسية الأتربة أو الحيوانات الأليفة (حساسية الأنف الدائمة) ،مثل العطس ،تهيج ، سيلان و انسداد الأنف ،حكة واحمرار ودموع العين وذلك في البالغين والأطفال من عمر 6 أعوام فيما	Carton box containing amber plastic (PET) bottle containing 100 ml syrup capped with plastic polypropylene cap lined with low density expanded polyethylene with insert leaflet

				of Symptomatic treatment. فوق. perennial rhinitis in adults and children aged 6 years and over	
Zyretec 10 mg FCT	Cetirizine Dihydrochloride	Film Coated Tablets	10 mg	For the relief of nasal and ocular symptoms of seasonal and perennial allergic rhinitis in adults and children 6 years of age and over	A carton box containing 2 (Al/Transparent PVC) strips, each of 10 film coated tablets & an inner leaflet.
Zyrtec	Cetirizine dihydrochloride	Oral Solution	1 mg / 1ml	For the relief of nasal and ocular symptoms of seasonal and perennial allergic rhinitis in adults and children 2 years of age and over	Carton box containing amber (Type III) glass bottle (Capacity 118 ± 4 ml) containing 100 ml solution closed with child resistant cap (outer cap from HDPE and inner cap from PP & the inner foaming made from EPE 42 Saranex) + Polypropylene plastic measuring cup with insert leaflet.

Zyrtec	Cetirizine dihydrochloride	Oral drops	10 mg / 1ml	Treatment of adults and children from 6 years of age for seasonal and perennial allergic rhinitis	Carton box containing amber glass bottle (type III) containing 10 ml solution closed with polypropylene tamper evident white closure PVDC faced wad liner with dropper of white polypropylene cap, polypropylene pipette graduated from (0.5 – 1 ml) & bulb made from A soft, colorable SEBE (Styrene, ethylene, butylene, Styrene) based thermoplastic elastomer (TPE) compound with insert leaflet
Claritine	Loratadine (micronized)	Chewable Tablets	5 mg	Temporarily relieves symptoms due to hay fever or other upper respiratory allergies in adults and children 2 years of age and over including the following: -Sneezing -Runny nose - Itchy watery eye -Itching of the nose or throat	Carton box containing 1,2 or 3 (AL/AL) strips each of 10 tablets and inner leaflet

Claritine Cool Mint	Loratadine (micronized)	Chewable Tablets	10 mg	Temporarily relieves symptoms due to hay fever or other upper respiratory allergies in adults and children 6 years of age and over including the following: -Sneezing -Runny nose - Itchy watery eye -Itching of the nose or throat	Carton box containing 1,2 or 3 (AL/AL) strips each of 10 tablets and inner leaflet
Claritine	Loratadine	Syrup	1 mg/ 1ml	Relief from hay fever and other seasonal allergy symptoms including sneezing, runny nose and itchy nose as well as itchy watery red burning eye in adults and children 2 years of age and over	Carton box containing PET bottle (its capacity 135 ± 6 ml) containing 100 ml or 120 ml solution and child resistant polypropylene cap with PE liner + inner leaflet.
Claritine	Loratadine Micronized D90 ≤ 10 μm	Tablets	10 mg	Relieve symptoms associated with allergic rhinitis (for example, hay fever) such as sneezing, runny or itchy nose and burning or itchy eyes in adults and children over the age of 6 years with body weight > 30 Kg	Carton box containing 10 or 20 tablets in Al / PVC strips and inner leaflet

Deslorat	Desloratadine	Film coated tablets	5 mg	Indicated in adults and pediatrics aged 12 years and older for the relief of symptoms associated with allergic rhinitis.	Carton box containing 1,2 or 3 (AL / PVC) strips, each of 10 film coated tablets and insert leaflet.
DESA	Desloratadine	Film Coated Tablets	5 mg	Relief of symptoms associated with allergic rhinitis in adults and adolescents aged 12 years and older	Carton box contains 1,2 or 3 (Al/Triplex Transparent Colorless) strips, each of 10 film coated tablets with insert leaflet
Allerfen120 mg	Fexofenadine Hydrochloride	Film Coated Tablets	120 mg	Relief of symptoms associated with seasonal allergic rhinitis in adults and children 12 years of age and older	Carton box contains 1,2 or 3 (AL / Transparent (PVC / PVDC)) strips, each of 10 tablets with insert leaflet.
Alertam® 120 mg	Fexofenadine Hydrochloride	Film Coated Tablets	120 mg	Relief of symptoms associated with seasonal allergic rhinitis in adults and children 12 years and older	Carton box containing one (Al / white opaque PVC / PVDC) strip of 10 film coated tablets with insert leaflet.
Allerfen180 mg	Fexofenadine Hydrochloride	Film Coated Tablets	180 mg	Relief of symptoms associated with seasonal allergic rhinitis and allergic rhinitis in adults and children aged 12 years or older.	Carton box contains 1,2 or 3 (AL / Transparent PVC / PVDC) strips, each of 10 tablets with insert leaflet.
Allerfen® 60 mg	Fexofenadine Hydrochloride	Film Coated Tablets	60 mg	Relief of symptoms associated with seasonal allergic rhinitis and allergic rhinitis in adults	Carton box contains 1,2 or 3 (AL / Transparent PVC / PVDC) strips, each of 10 tablets with insert leaflet

				and children aged 12 years or older.	
Telfast 180 mg	Fexofenadine Hydrochloride	Film Coated Tablets	180 mg	Relief of symptoms associated with seasonal allergic rhinitis in adults and children 12 years of age or older	Carton box containing 1 or 2 (Al/Opaque PVC/ PE/PVDC) blisters, each of 10 film coated tablets with insert leaflet.
Telfast 120 mg	Fexofenadine Hydrochloride	Film Coated Tablets	120 mg	Relief of symptoms associated with seasonal allergic rhinitis in adults and children 12 years of age or older	Carton box containing 1 or 2 (Al / white opaque PVC/PE/PVDC) blisters, each of 10 tablets with insert leaflet.
Telfast	Fexofenadine Hydrochloride	Oral suspension	30 mg / 5 ml	Relief of symptoms associated with seasonal allergic rhinitis from 2 years of age.	Carton box contains brown hydrolytic (type III) glass bottle (its capacity 125 ml) containing 100 ml suspension crimped with child resistance plastic closure made of PP, and on top of it a plastic transparent measuring cup made of propylene random copolymer with insert leaflet.

Vanvast	Fexofenadine Hydrochloride	Oral Suspension	30 mg /5 ml	Relief of symptoms of perennial allergic rhinitis from 2 years of age	Carton box containing amber glass bottle (Type III) closed with HDPE plastic closure lined with LDPE foam liner containing 100 ml oral suspension with insert leaflet.

Carton box contains printed aluminum container 25 ml capacity solution. Pump for spray 25 ml (stem POM), mounting cap (aluminum alloy), dip tube (LDPE) Throat applicator for sprayer 25 ml (insert POM) , actuator (PP) Plastic cover for sprayer 25 ml (PP) and an inner leaflet

Sodium Chloride 5% eye drops (B.P 2019)	Sodium Chloride	Ophthalmic Solution	50 mg/ml		Carton Box containing white (LDPE) Plastic bottle containing 15 ml solution with white (HDPE) plastic dropper covered with polypropylene plastic cap with insert leaflet
Hyfresh	Sodium Hyaluronate	Sterile Ophthalmic Solution	2 mg/ml	Symptomatic treatment of dry eye syndrome in adults \geq 18 years of age	Carton box contains 10 ml ophthalmic solution in opaque white LDPE bottle with LDPE nozzle and HDPE cap with insert leaflet
Pharma tears	Carboxymethylcellulose Sodium	Ophthalmic Solution	5 mg / ml	As in insert leaflet in adults \geq 18 years of age	Carton box containing self-dropper opaque low density polyethylene plastic bottle filled with 15 ml solution closed with opaque HDPE plastic screw cap with LDPE nozzle with inner leaflet
Melacryst 1.5 mg	Melatonin 1.5 mg	Oro- dispersible film	1.5 mg	Short term treatment of jet – lag (not more than 5 days) in adults \geq 18 years	Carton box containing 10,20,30 Oro-dispersible films, each one film packed in a four-layer pouch form outside to inside (paper, LDPE, Aluminum, LDPE) with insert leaflet

BOLD STOP	Minoxidil	Topical Solution	5 gm /100 ml	Treatment of alopecia androgenetica in men aged 18 – 65 years	Carton box contains one high density polyethylene (HDPE) bottle (maximum capacity 135 ml) containing 100 ml liquid, closed with polypropylene (PP) closure containing (LDPE) foam, and polypropylene (PP) atomizer with (LDPE) tube covered by polypropylene (PP) clear cover with insert leaflet
Minoxigrow	Minoxidil	Topical Foam	5 gm/100 ml	As in insert leaflet in men aged 18 -49 years and women aged 18-65	Carton box containing solid white PET bottle containing 60gm, 80gm, or 150 gm solution with transparent polypropylene over cap and white polypropylene actuator with transparent HDPE pump and LDPE dip tube and insert leaflet
Performa Extra Strength	Minoxidil	Topical Aerosol Foam	50 mg/1 gm	Treatment of male and female androgenetic alopecia in adults aged 18 – 65 years of age	Carton box contains 150 ml lined (polyamide-imide) aluminum pressurized container, with child resistant plastic or polypropylene over cap with continuous valve with insert leaflet

Performa Extra Strength 5%	Minoxidil	Topical Solution	5 gm /100 ml	Slowing of hair loss and regrowth of hair in alopecia androgenetica in adult men and women aged 18 – 65 years of age	Carton box containing (High density Polyethylene) plastic bottle containing 60 ml solution with transparent (LDPE) plastic dropper, (HDPE) plastic extended spray tip applicator and (HDPE) black plastic cap with insert leaflet
Burnasores	Radix Scutellariae powder /Cortex Phellodendri powder/Rhizome Coptidis powder /Sesame oil (Sesamum indicum)/Peanut oil (Arachis oil) (Groundnut oil) Contains: β -Sitosterol 0.25%	Topical Ointment	1.5 gm/1.5 gm/1 gm /80 gm/9 gm /100 gm	Treatment of the following in adults \geq 18 years of age: First degree burns. Where the pain relief and the fast healing are remarkable e.g. Sun burn. Cracked heels and cracked nipples	Carton box contains aluminum tube containing 15 gm,30 gm topical ointment internally lacquered with epoxy resins sealed with an aluminum membrane &fitted with white high density poly ethylene plastic screw cap+ insert leaflet
Adapalene	Adapalene	Topical gel	1 mg / 1 gm	As in insert leaflet in patients \geq 12 years of age	Carton box contains an aluminum tube containing 30 g topical gel of golden epoxy phenolic internal coat with orifice closed with aluminum seal with (HDPE) plastic screw cap with pin for seal piercing with insert

Milga Advance	Benfotiamine / Cyanocobalamine/ Pyridoxin	Film Coated Tablets	300 mg/0.25 mg/100 mg	Support the body in case of vitamin B deficiency in adults \geq 18 years of age	Carton box contains 1,2 or 3 Opaque (AL/PVC/PVDC) blisters; each contains 10 tablets with insert leaflet
Vixaport	Benfotiamine/Pyridox in/Cyanocobalamine (vitamin B12)	Film Coated Tablets	300 mg/100 mg/0.25 mg	Support the body in case of vitamin B12 deficiency in adults \geq 18 years of age	Carton box containing 1,2 or 3 (OPA/Alu/PVC) with aluminum lidding foil strips, (Alu, Alu strips), each strip of 10 film coated tablets with inner leaflet
Neurovit	Thiamine Hydrochloride /Pyridoxin Hydrochloride /Cyanocobalamin	Sugar Coated Tablets	250 mg/100 mg/250 mcg	For supportive treatment of neuritis in adults \geq 18 years	Carton box contains 2 or 3 (AL/Transparent PVC) strips, each of 10 film coated tablets and an inner leaflet
Methyltechno	Methyl cobalamin	Oral dissolvable film	1000 mcg	يستخدم في حالات نقص التغذية كما في حالات المسنين والنباتيين وذلك في البالغين \leq 18 عام	Carton box containing 10,20 & 30 oral dissolvable films, each oral dissolvable film packed in four- layer pouch from outside to inside (Paper / polyethylene LDPE/Aluminum/polyethylene LDPE) with insert leaflet

Deltavit B12	Cyanocobalamine (Vitamin B12)	Sublingual tablet	1 mg	In case of inadequate nutrition such as vegetarians in adults \geq 18 years of age	Carton box containing HDPE plastic bottle containing 30 sublingual tablets with white polypropylene plastic cap printed dp logo on the upper surface of the cap with silver induction seal circular LD polyethylene red ring and silver IND liner, The bottle contains 1 gm silica gel with insert leaflet
Davalindi 1000 I.U.	Vitamin D3 (Cholecalciferol)	Tablets	1000 I.U.	Prevention and treatment of vitamin D deficiency in adults and adolescents. Vitamin D deficiency is defined as serum level of 25- hydroxycolecalciferol (25(OH)D) < 25 mmol / L. Specific osteoporosis treatment for patients who are at risk of vitamin D deficiency, preferably in combination with calcium.	Carton box contains (HDPE) plastic bottle with child safe (HDPE) plastic cap lined with carton foam liner and aluminum induction seal containing 100 tablets with an insert leaflet

Vidrop®	Vitamin D3 (Cholecalciferol)	Oral drops	2800 I.U. /1 ml	Prevention and treatment of vitamin D deficiency in adults and children. As an adjuvant to specific therapy for osteoporosis in patients with vitamin D deficiency or at risk of vitamin D deficiency.	Carton box contains amber glass bottle type (III) of 10 ml or 15 ml with plastic dropper have polypropylene plastic cap & rubber pump with transparent polypropylene plastic stem with inner leaflet
Megalase	Bacterial Alpha Amylase	Film Coated Tablets	100 mg (as 3000 CEIP unit)	Adjuvant Treatment and prophylaxis of edema in adults ≥ 18 years in otorhinolaryngology situations: Rhinoplasties, tonsillectomies. Several interventions (sinusitis, laryngectomy, polypectomies, resection of the nasal septum. Tonsillitis, pharyngitis, laryngitis sinusitis, rhino tracheobronchitis	Carton box containing 2 (AL/Colorless transparent PVC/PVDC) strips each of 10 film coated tablets with insert leaflet
Maxilase	Alpha amylase	Syrup	20000 CEIP unit / 100 ml	Adjuvant Treatment and prophylaxis of edema in adults ≥ 18 years, in the following indications: -Otorhinolaryngology. -Rhinoplasty, tonsillectomy .	Carton box contains brown (Type III) glass bottle (its capacity 125 ml) contains 100 ml with (HDPE) plastic cap and inner leaflet

				<p>-Various interventions (Sinusitis, laryngectomy, nasal polypectomia, nasal septum resection)</p> <p>-Tonsilitis, Pharyngitis, sinusitis, laryngitis, rhino tracheobronchitis.</p> <p>-In case of persistence or appearance of new symptoms (severe sore throat, headaches, nausea, vomiting) or in the case of associated fever ,therapeutic strategy must be reevaluated.</p>	
Top Ging	Green Tea Leaves Powder Extract /Garcinia Cambogia Fruit Powder Extract /Ginger Rhizome Powder Extract /Chromium Picolinate	Hard Gelatin Capsules	200mg/ 150 mg/ 50mg/ 80.45mc g	As in insert leaflet in adults \geq 18 years of age.	Carton box containing 1,2,3,6 or 9 (AL/Colorless Transparent PVC) strips each of 10 hard gelatin capsules +inner leaflet.
Orly 60 mg	Orlistat (micronized)	Hard gelatin capsules containing pellets	60 mg	As in Insert leaflet in adults \geq 18 years of age	Carton box containing 1,2,3,4,5 or 6 (AL/AL) strips, each of 10 hard gelatin capsules with insert leaflet

Slim Safe	Orlistat	Hard Gelatin Capsules containing pellets	120 mg	As in insert leaflet in adults	Carton box contains 1,2,3 (Al/colorless transparent PVC/PVDC) strips each of 10 hard gelatin capsules containing pellets with insert leaflet
Finshape	Orlistat	Hard Gelatin Capsules 120 mg		As in insert leaflet in adults \geq 18 years of age	Carton box containing 1,2,3 (Al/Transparent colorless PVC/PVDC) strips, each of 10 hard gelatin capsules with insert leaflet.
Orlismart	Orlistat	Hard Gelatin Capsules	120 mg	As in Insert leaflet in adults	Carton box contains one or three (Al / Transparent colorless PVC) strip of 10 hard gelatin capsules with insert leaflet.
Femicure	Vitex Agnus Castus L. dried extract	Hard Gelatin Capsule	20 mg	As in insert leaflet in adults \geq 18 years of age	Carton box containing 2 or 3 (PVC / PVDC) blisters each of 10 capsules & insert leaflets.
Strogenzo	Angelica gigas root extract powder /Cynachum wilfordii root extract powder/Phlomis umbrosa root extract powder /	Hard Gelatin Capsules	90 mg /83.5 mg/83.5 mg	As in insert leaflet	Carton box containing 3 (Al/Transparent PVC / PVDC) strips, each of 10 capsules kept in alum. foil sealed bag + an insert

Tomex	Dried garlic powder, bulbs of Allium Sativum L.	Enteric Coated Tablets	200 mg	Traditional Herbal product used as adjuvant for the prevention of atherosclerosis in adults \geq 18 years of age	Carton box contains an amber glass bottle type (III) inside it a cylindrical sponge, sealed with adhesive protective polystyrene seal and covered with HDPE white cap containing 80 enteric coated tablets + insert leaflet.
Tomex Plus	Dried garlic powder, bulbs of Allium Sativum L.	Enteric Coated Tablets	300 mg	Traditional Herbal product used as adjuvant for the prevention of atherosclerosis in adults \geq 18 years of age	Carton box contains an amber type (3) glass bottle inside it a cylindrical sponge contains 50 enteric coated tablets, sealed with adhesive protective polystyrene seal and covered with HDPE white cap + inner leaflet
Tebofortin Intens	Ginko Biloba Leaves Extract	Film coated tablets	120 mg	As in insert leaflet in adults over 18 years of age	Carton box contains 1,2 or 3 (Al/transparent PVC) strips each of 10 film coated tablets + an inner leaflet
